Parçalar

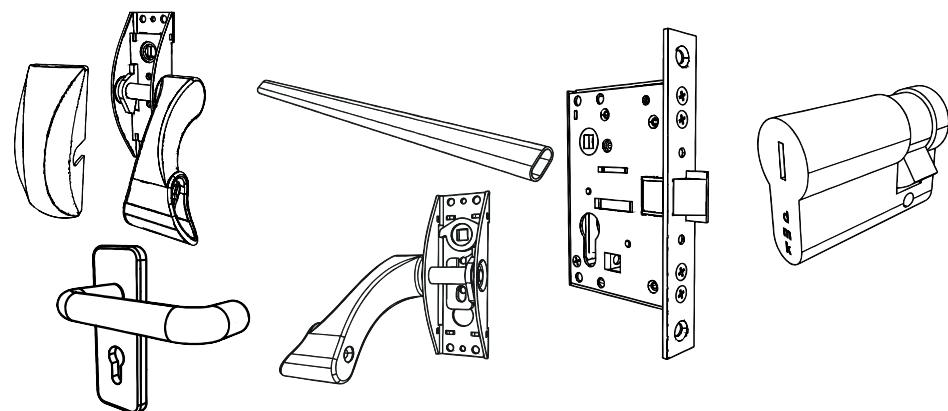

● Kasa ve Kanat Parçaları

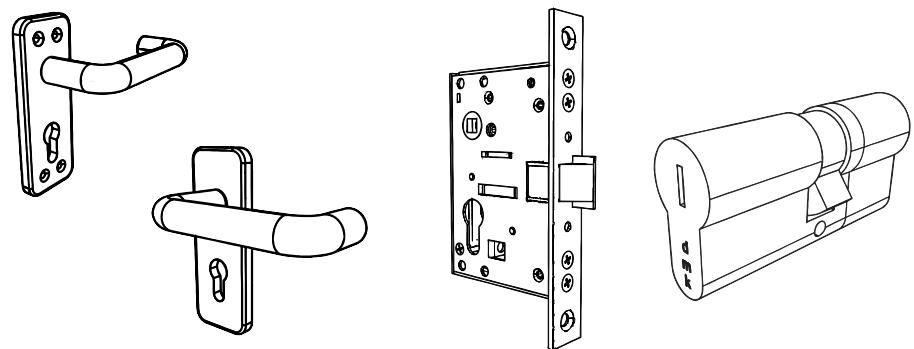

● Kasa ve Kanat Montaj Parçaları

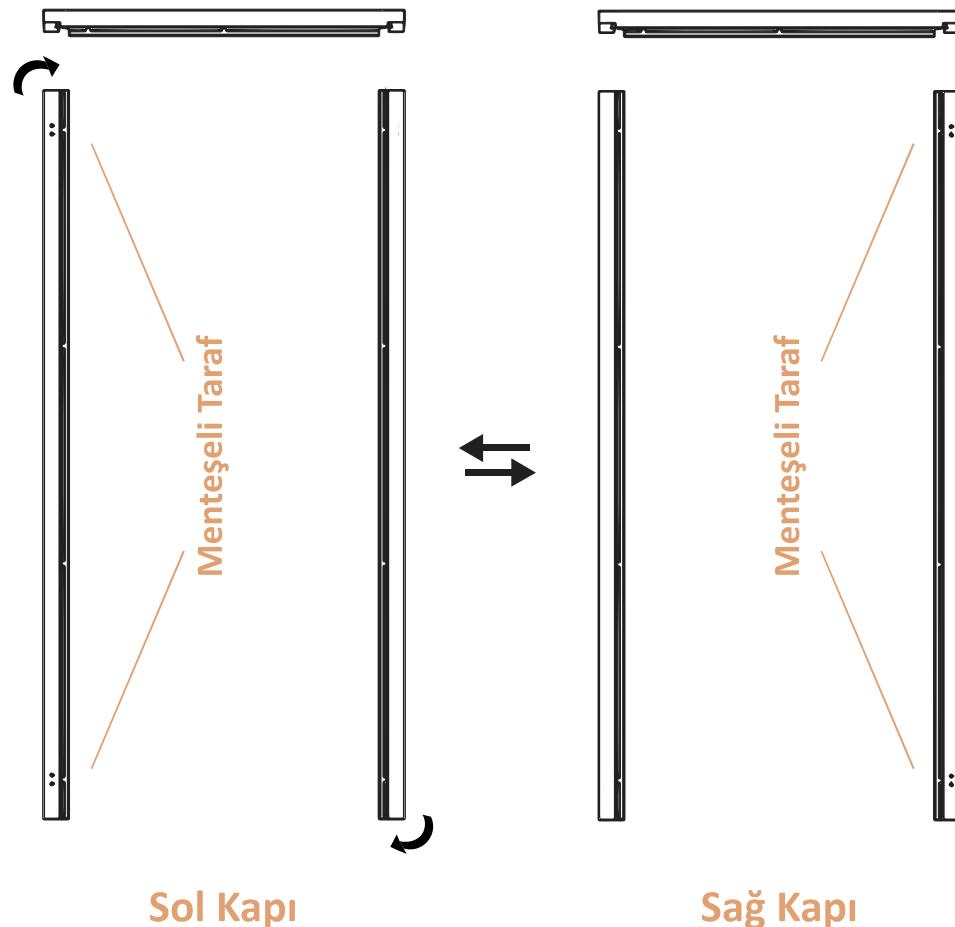

● Dimak Aksesuar Kutusu (Panik Barlı)

● Dimak Aksesuar Kutusu (Çift Taraf Kollu)

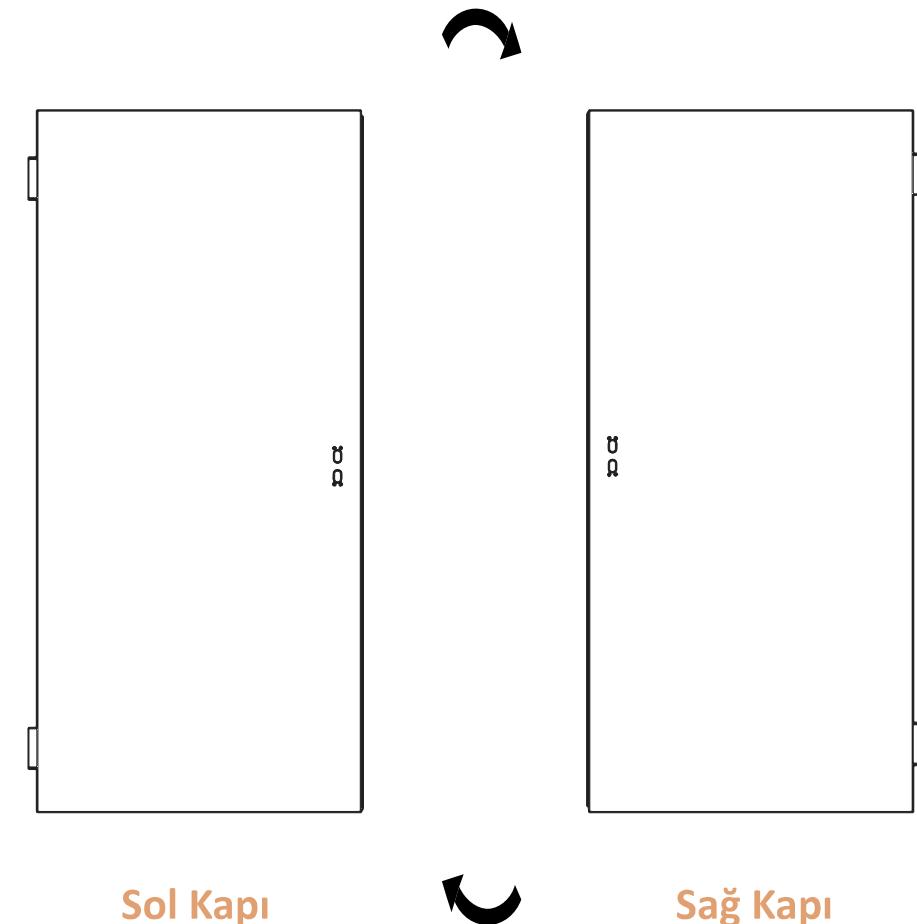

Yönsüz Kapılarda Kasa Yönü Belirleme

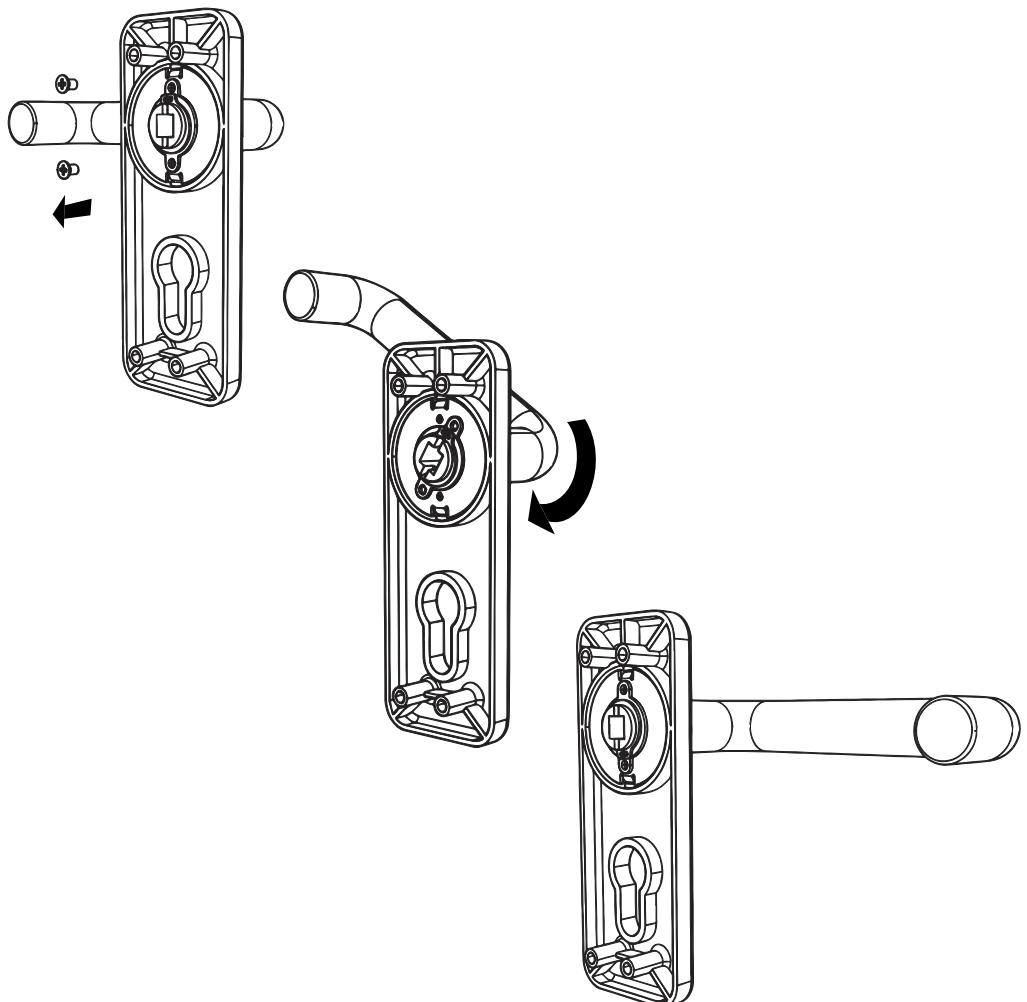

Yönsüz kapılarda kapının yönü belirlendikten sonra üst kasa yan kasaya monte edilir.

Yönsüz Kapılarda Kanat Yönü Belirleme

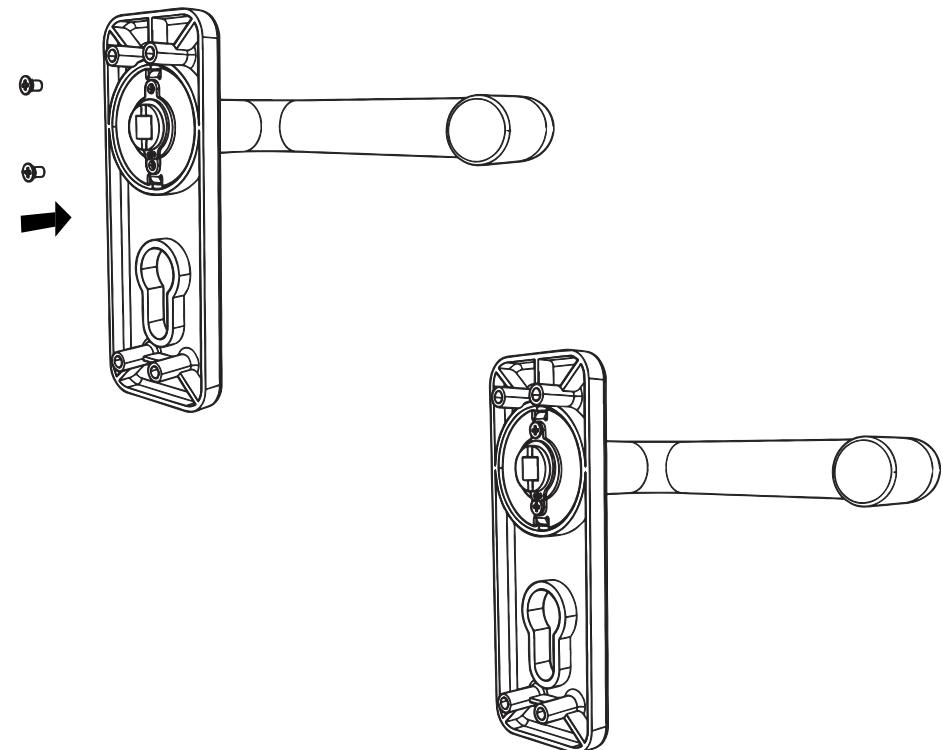

Kanadı kasanın menteşe olan tarafına göre çeviriniz.

Kapı Kolu Yönü Belirleme

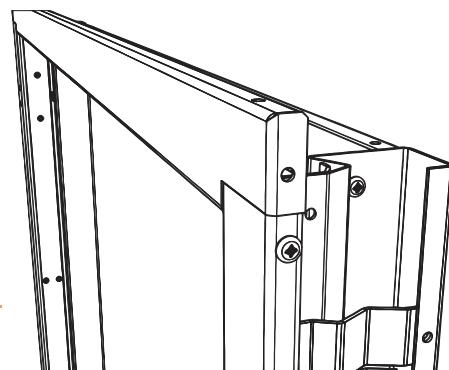

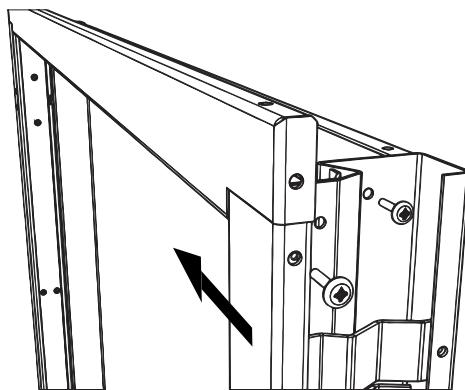

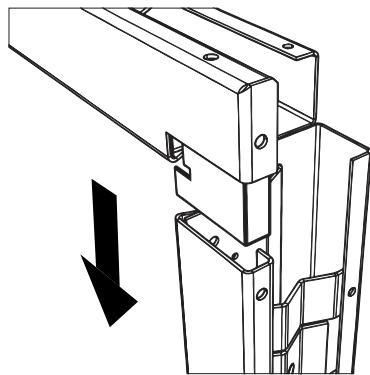

Kapı kolunun iç kısmında bulunan M3x5 vidaları söküp kapı kolunu döndürün.

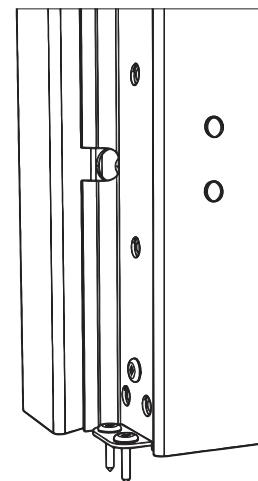

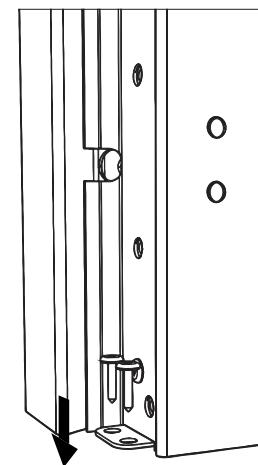

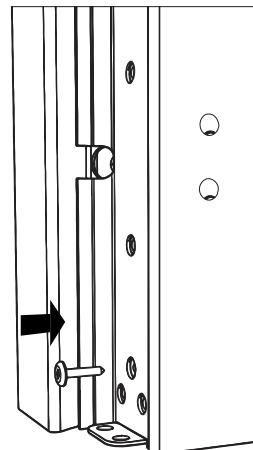

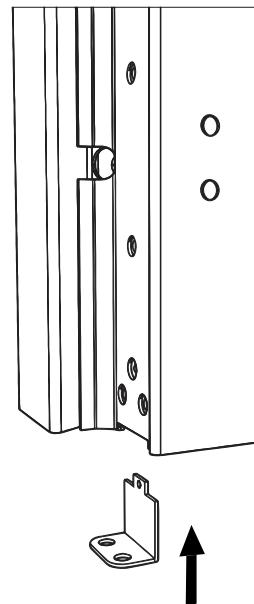

Döndürme işleminden sonra çıkarılan M3x5 vidaları geri yerlerine vidalayın.

Kasa Montajı

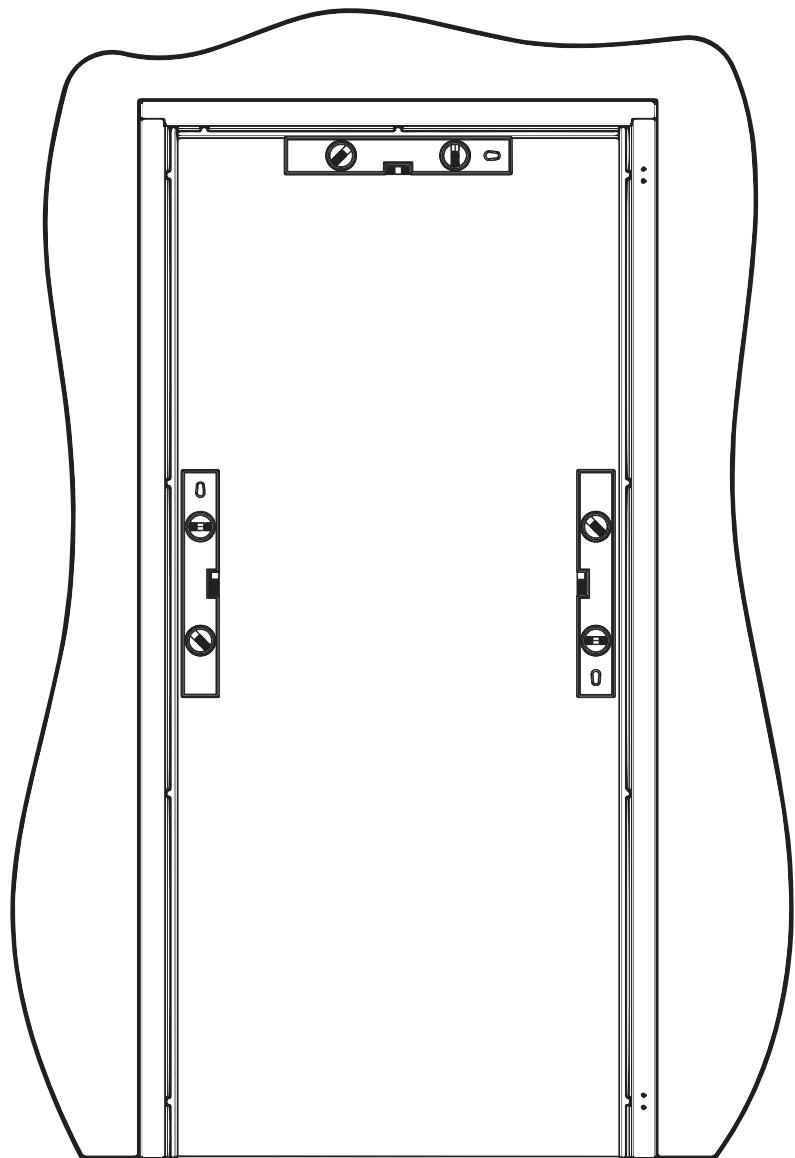

Yan kasa üst kasaya şekildeki gibi geçirilip vidalanır.

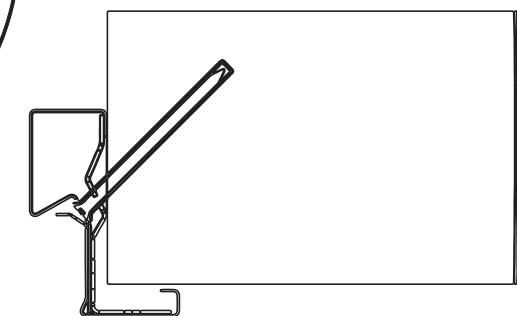

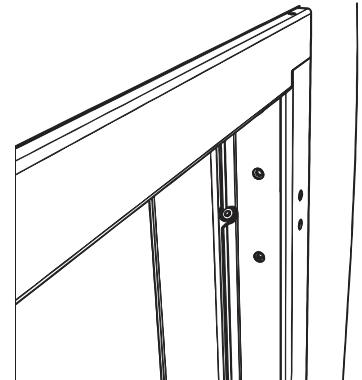

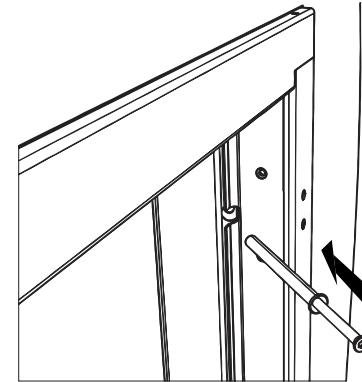

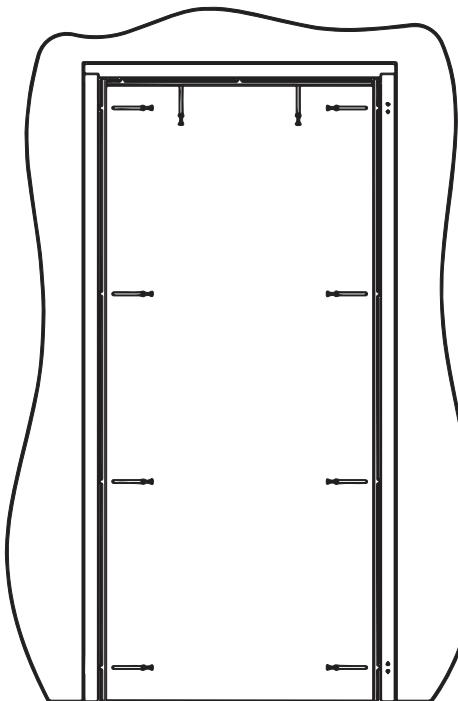

Kasa taban montaj parçası şekildeki gibi kasanın iç kısmına monte edilir. Kasanın duvara montaj aşamasında 2 vida ile yere sabitlenir.

Kasa Montajı

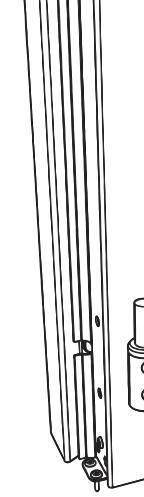

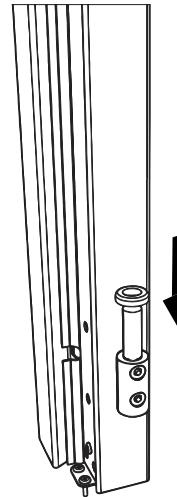

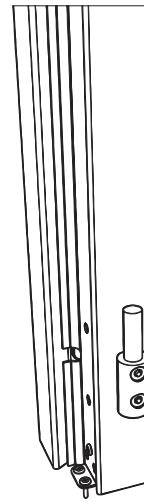

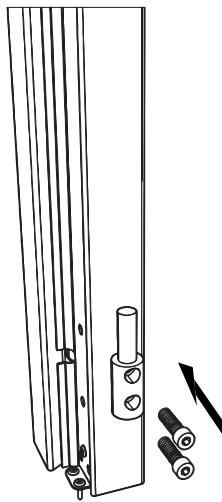

Duvarla montelenen kasalar su terazisiyle
kontrol edilir.

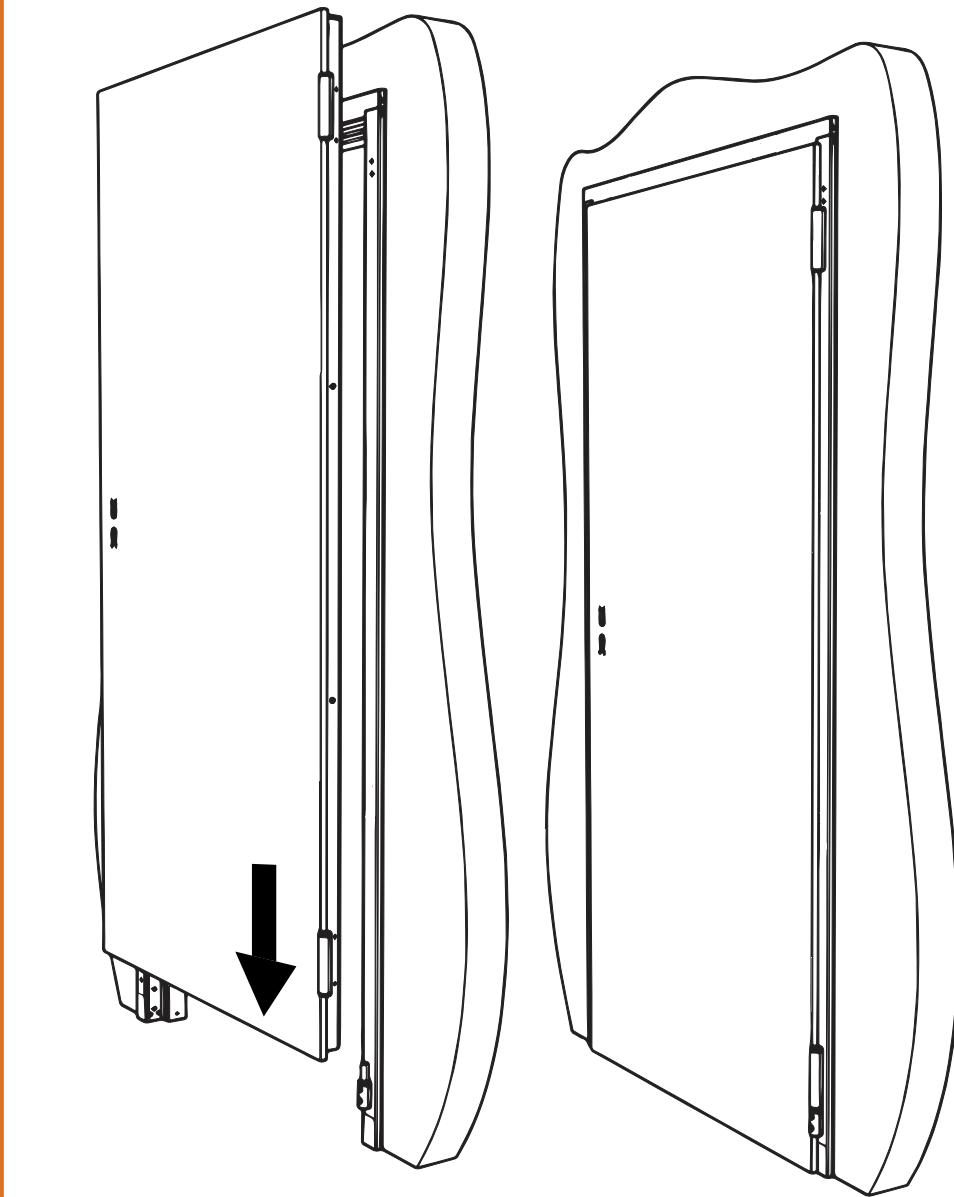

8'lik matkap ucuyla dübellerin geleceği deliklerden duvar delinir ve dübeller 45 derecelik açıyla deliklere montelenir.

Kanat Montajı

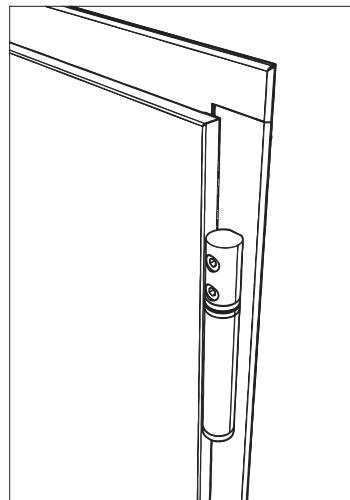

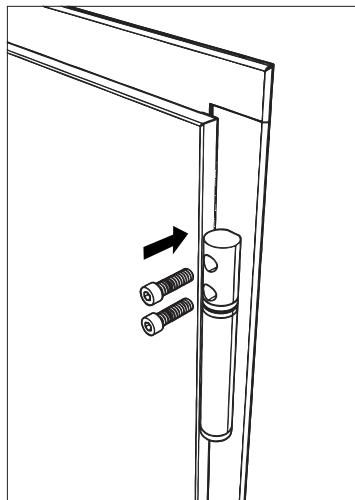

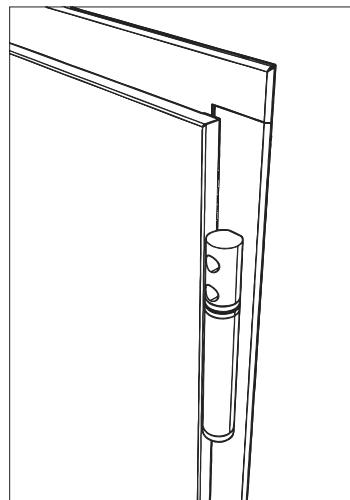

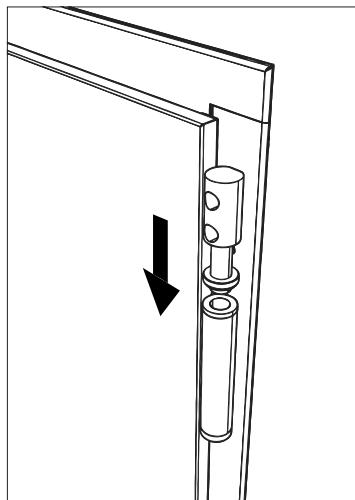

Kanadı takmak için önce alt menteşeyi kasaya uygun civatalarla şekildeki gibi monteleyip üstüne rulmanı takınız.

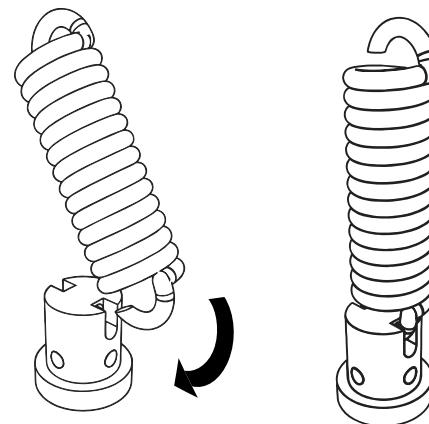

Kanadı alt menteşeye geçirin.

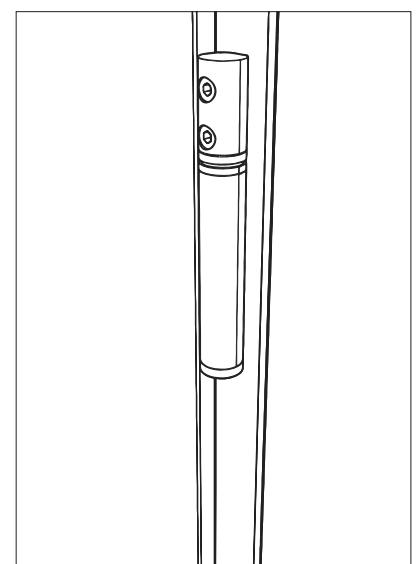

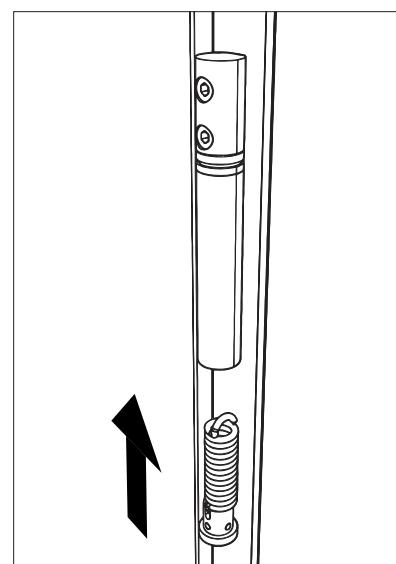

Kanat Montajı

Kanadı yerleştirdikten sonra pulu üst menteşe-ye geçirerek uygun civatalarla monte edin.

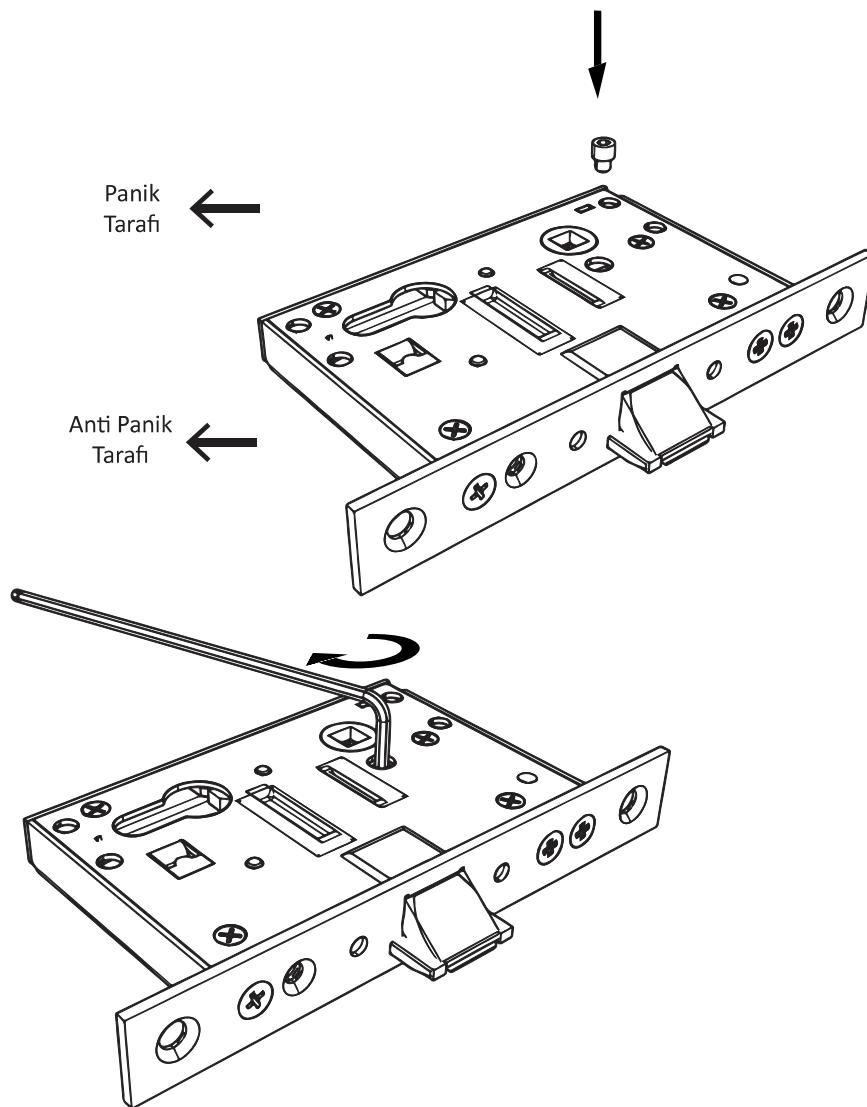

Yayı sağ kapıda üst menteşeye,
sol kapıda alt menteşeye takınız!

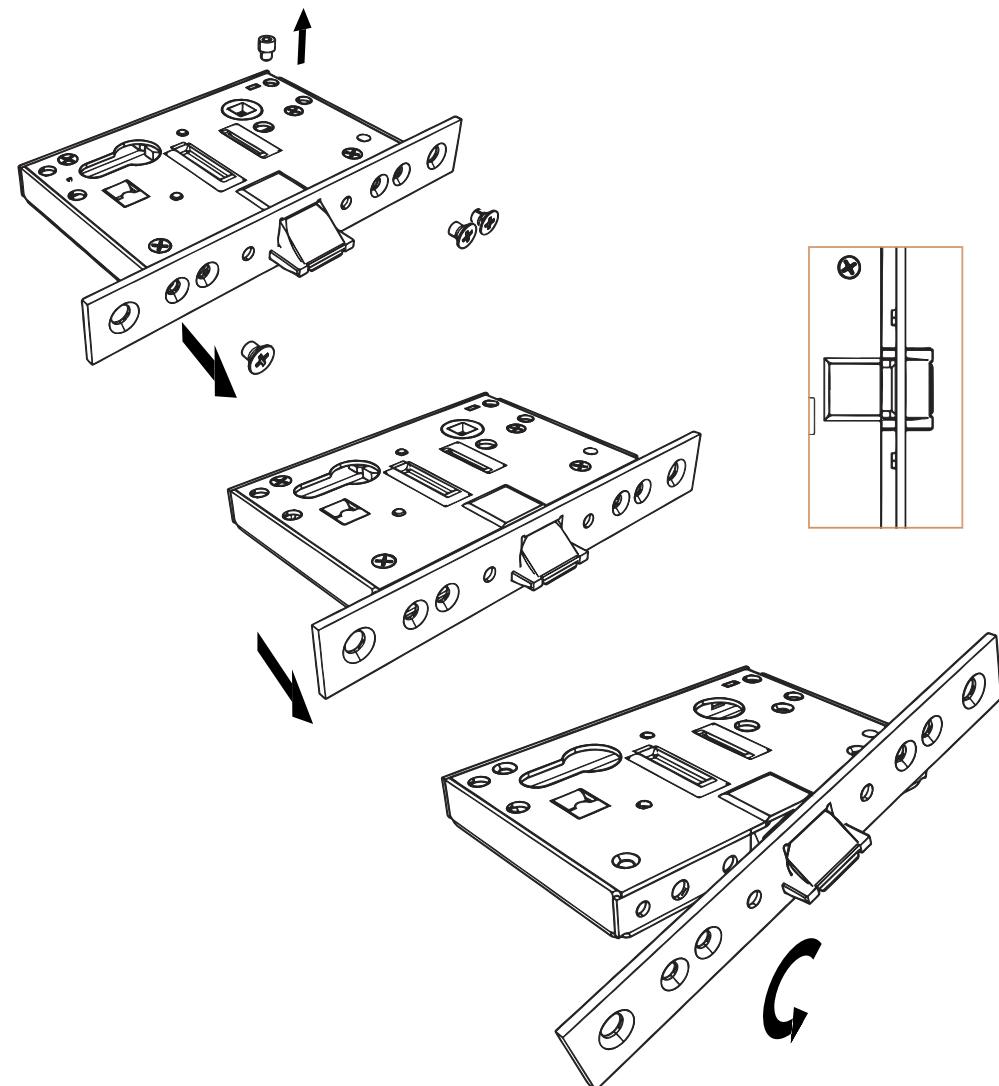

Menteşenin içine geçirilcek olan yayı takın ve menteşenin içindeki uygun boşluğa geçirin;

'Anti Panik' Kilidi 'Panik' Kilide Çevirme

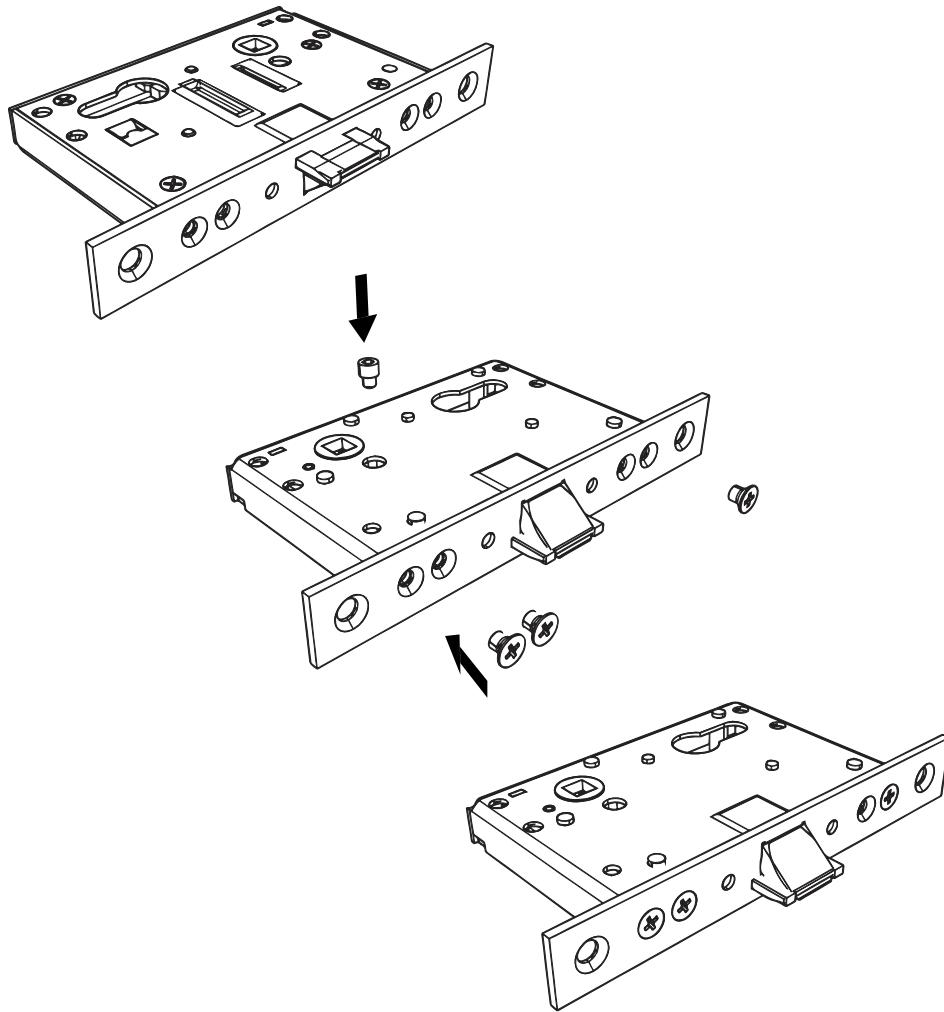

M4 setskurvidası kilit üzerindeki vida deligine yerleştirilerek uygun alyan anahtarı ile sıkılır.

Kilidin Yönünü Değiştirme

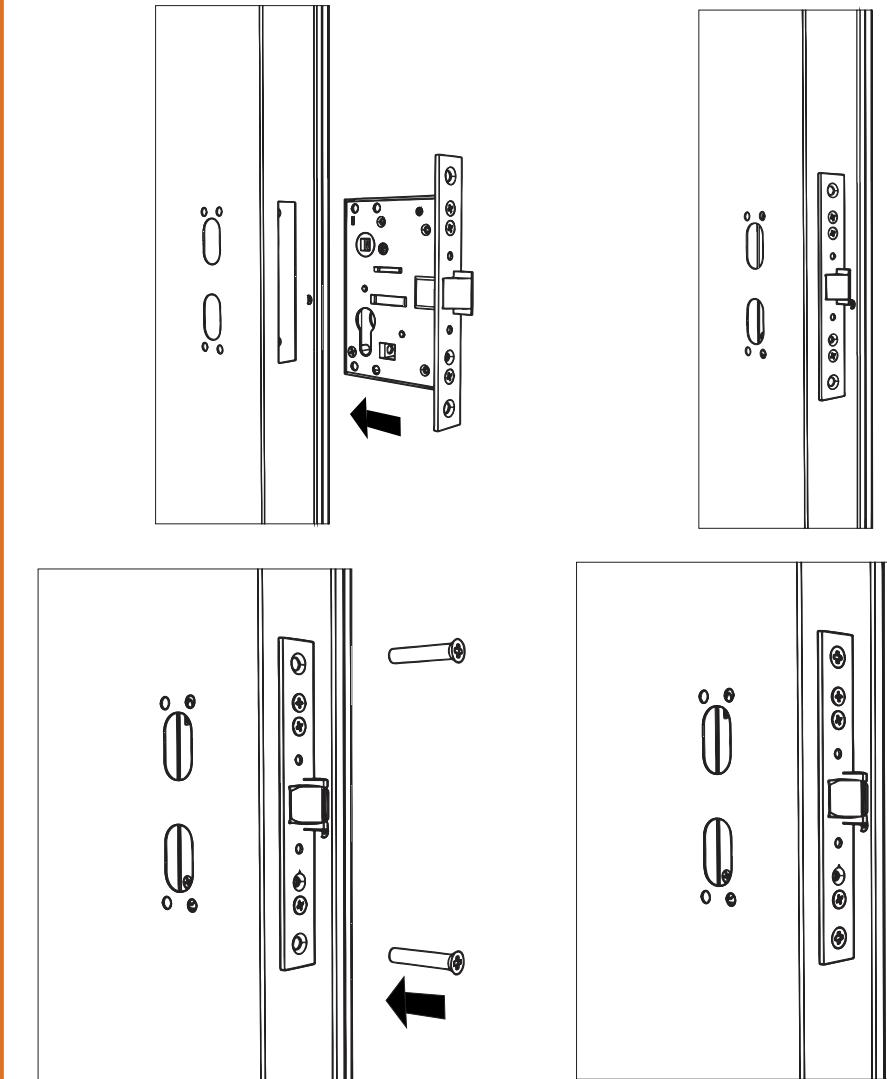

Şekilde gösterilen vidalar çıkartılıp dilin etrafındaki çerçeve yuvasından çıkarılıp çevrilir.

Kilidin Yönünü Değiştirme

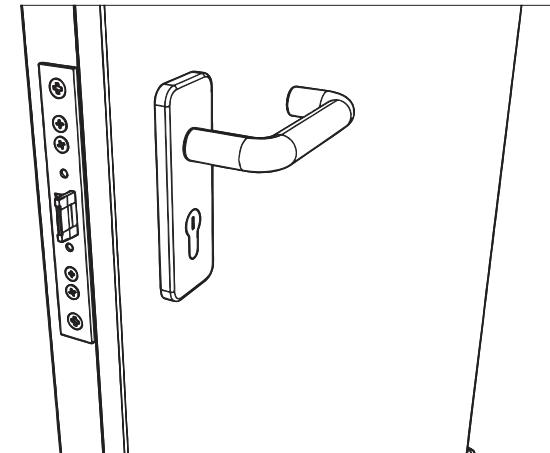

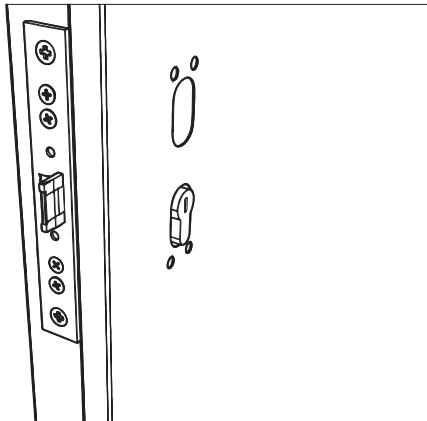

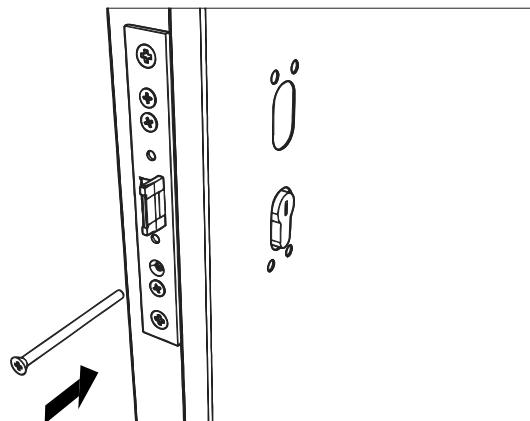

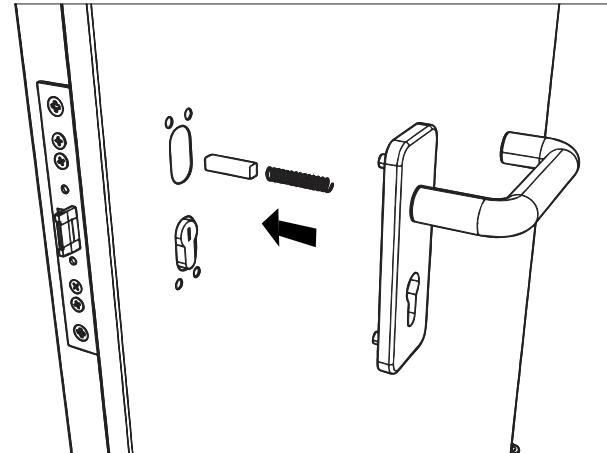

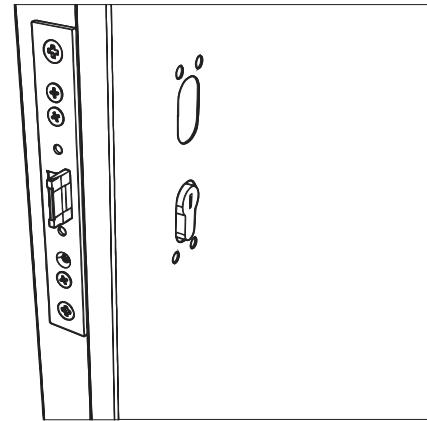

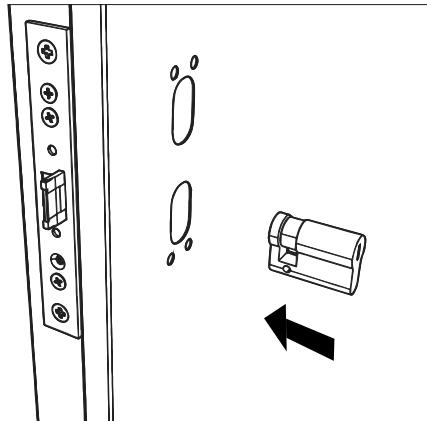

Dilin eğik olduğu tarafa döndürüldüp vidalar
şekildeki gibi tekrardan montelenir.

Kilit Montajı

Kilidi yuvasına soktuktan sonra vidalayın.

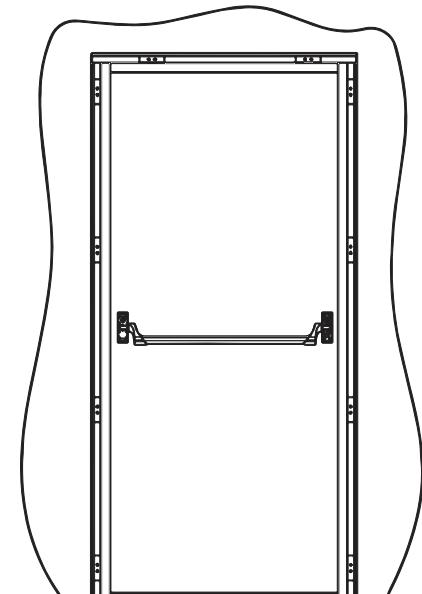

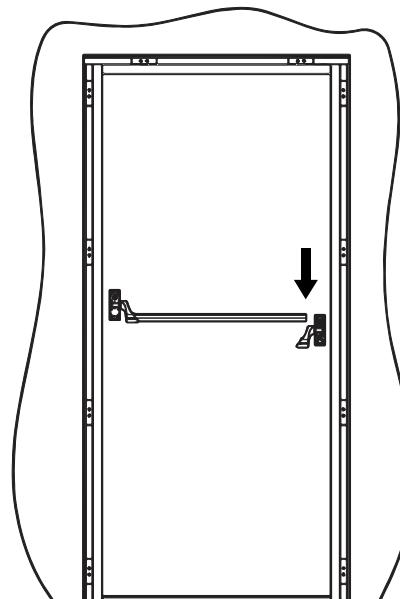

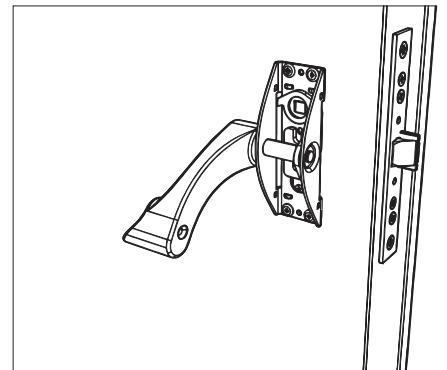

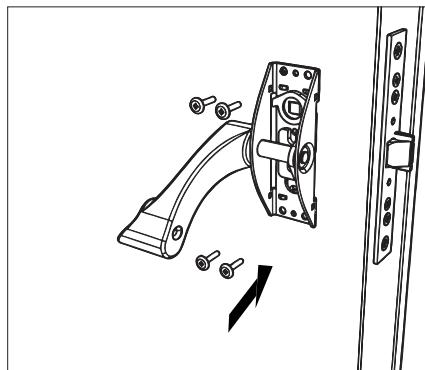

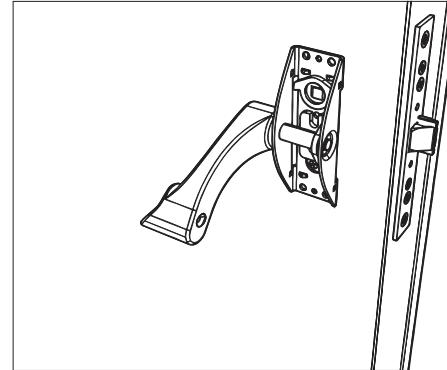

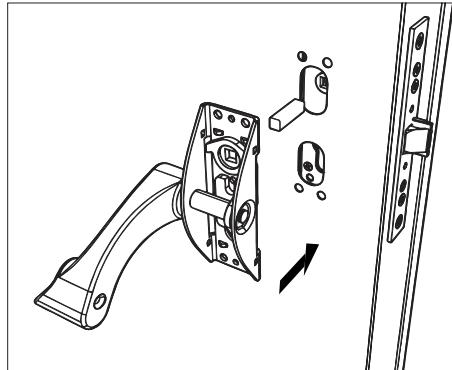

Kilit Montajı

Kilit sabitlendikten sonra bareli dış taraftan içeri sokarak berel vidasıyla sabitleyin.

Dış kapı kolunun içine sırayla yayı ve 52'lik kare demiri yerleştirin.

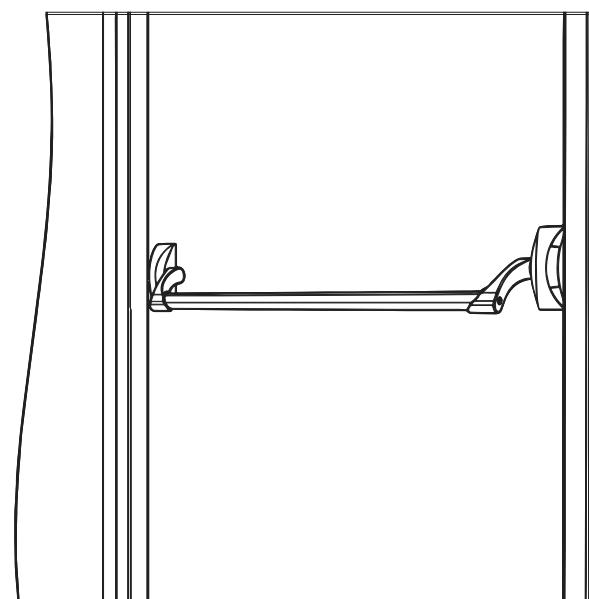

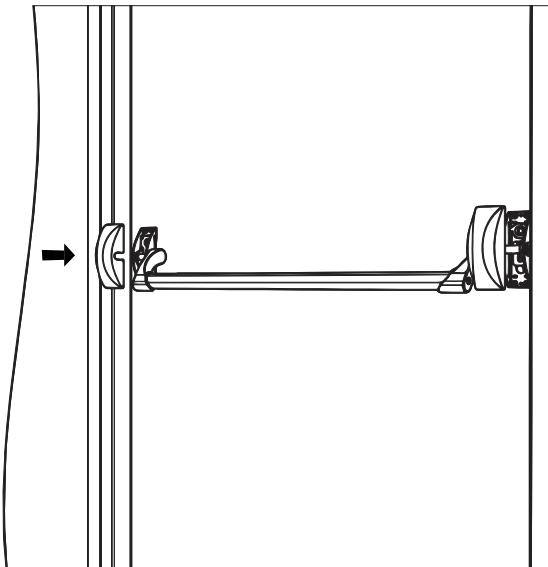

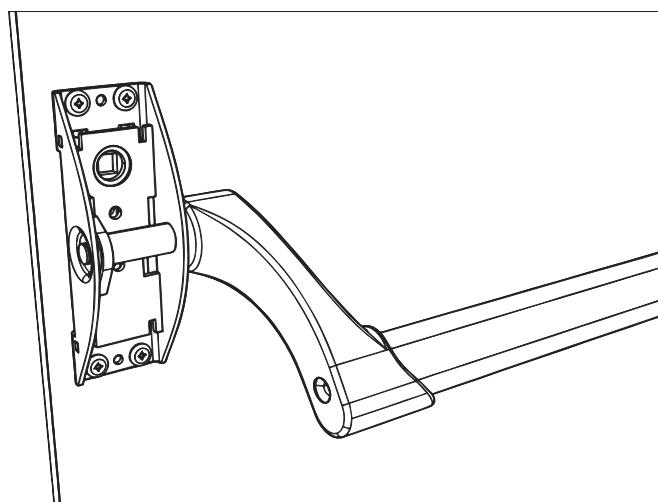

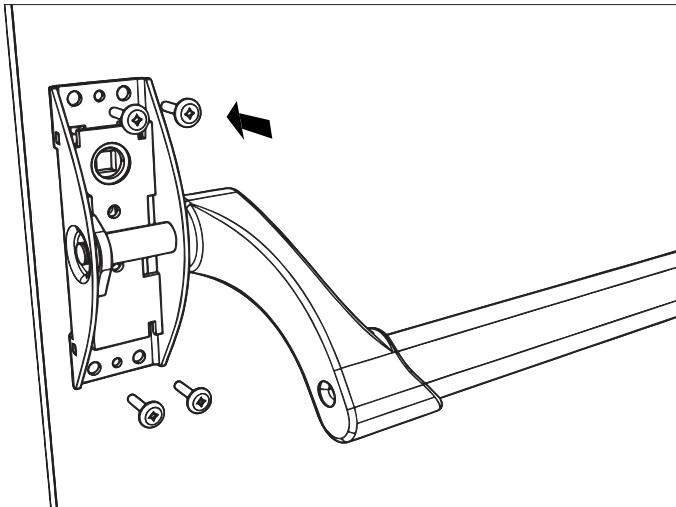

Panik Bar Montajı

İç kısımdan panik barın içine 32'lik kare demiri koyarak kapıya yerleştirip vidalayın.

Panik barın diğer parçası ve çubuğu sabitlediğiniz kola geçirin.

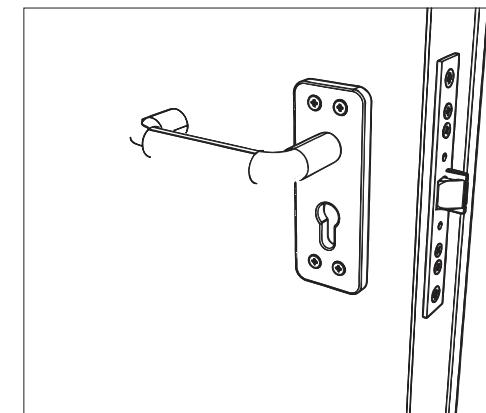

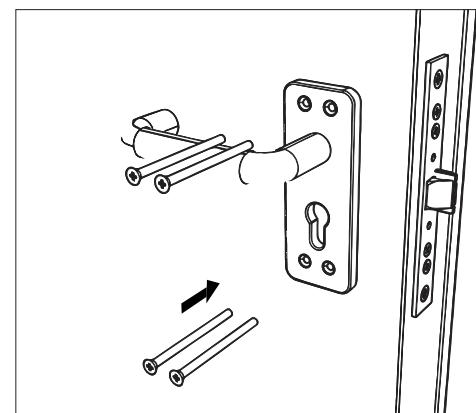

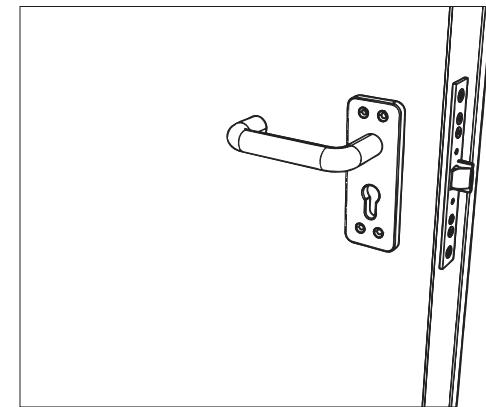

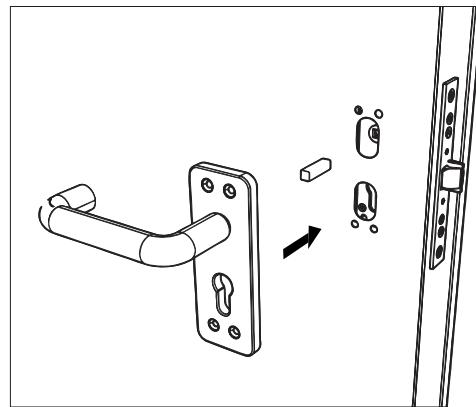

Panik Bar Montajı

Daha sonra vidalarla vidalayın.

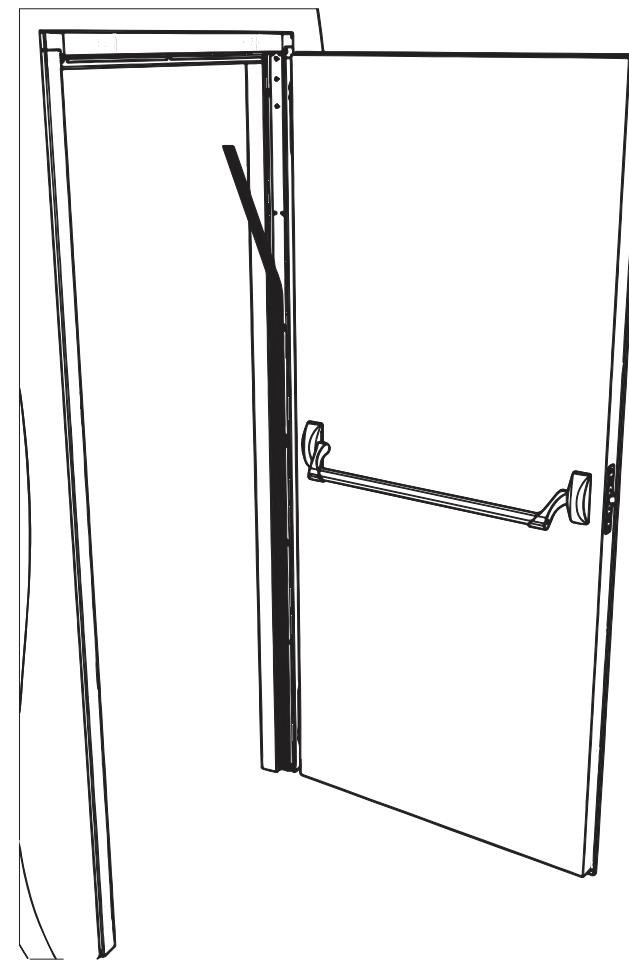

Her şey bittiğten sonra panik barın kapaklarını ekleyin ve kapınız tamamen montelenmiştir.

Çift Kollu Kapı Kolu Montajı

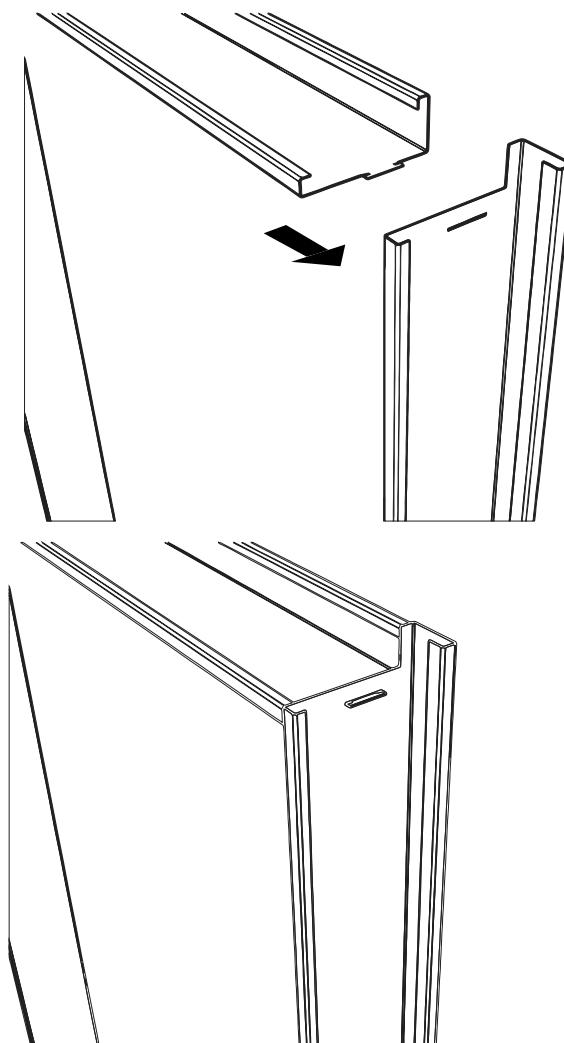

Kolu kapının iç kısmına yerleştirip vidalayınız.
Kapınız tamamen montelenmiştir.

Yangın Fitili

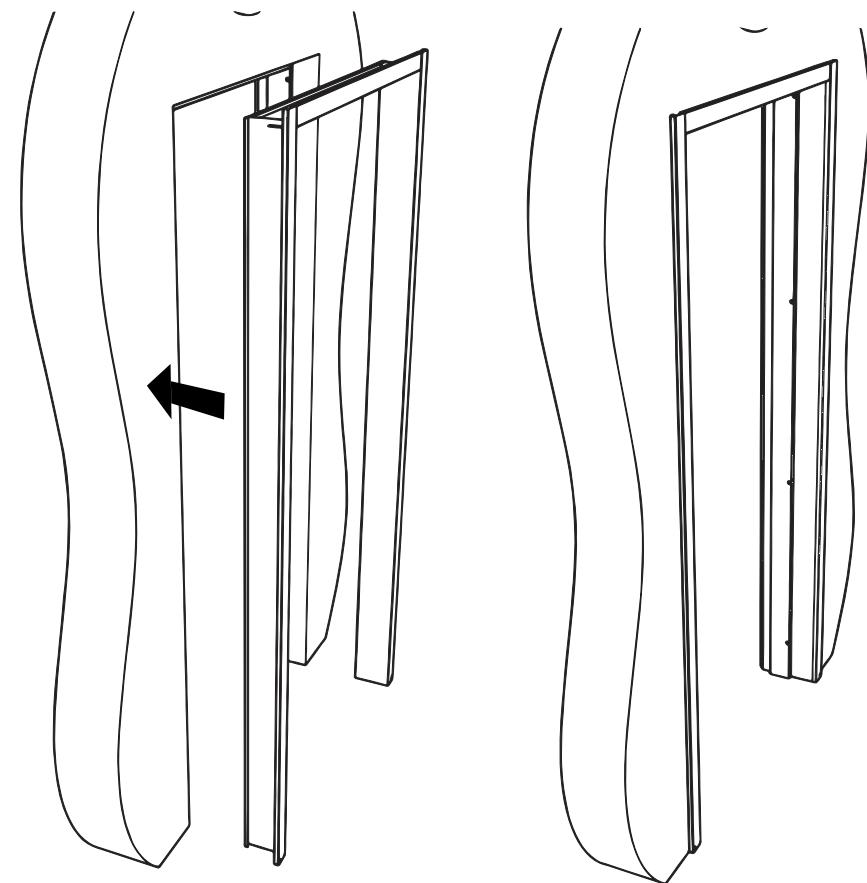

Son olarak kasanın her iç yüzüne şekildeki gibi
yangın fitilini yapıştırın.

Tam Kasa Montajı

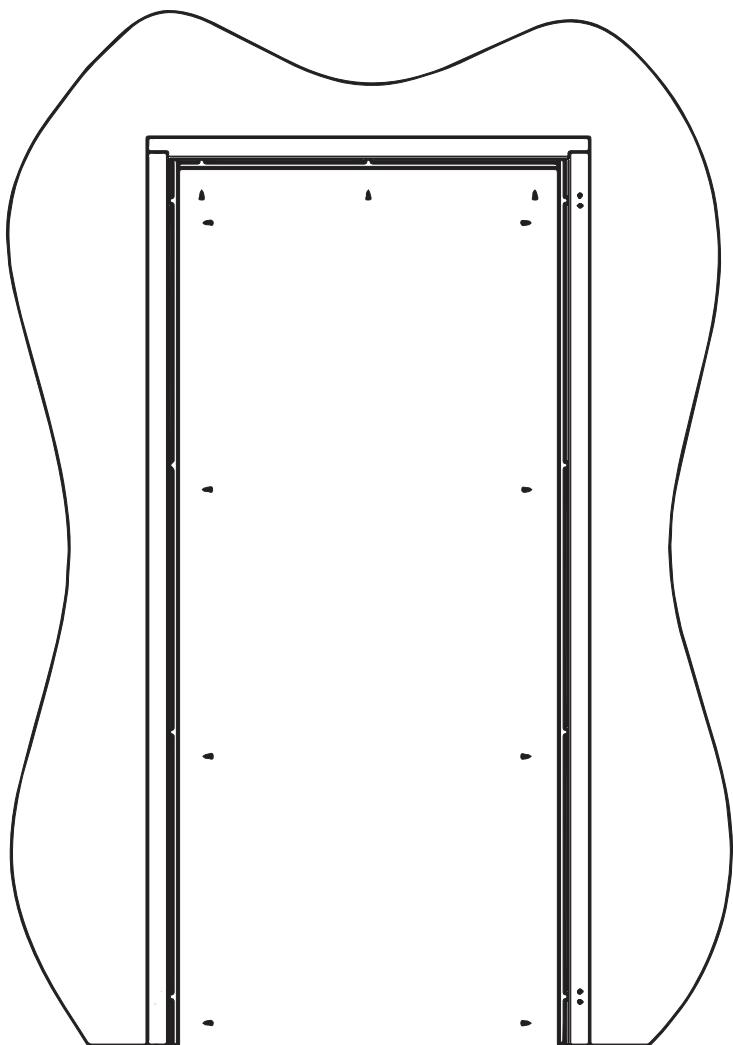

Tam kasa parçasının üstünü yan kasa parçasına çentiği geçirerek monteleyin ve çentiği pense ile şekildeki gibi döndürün.

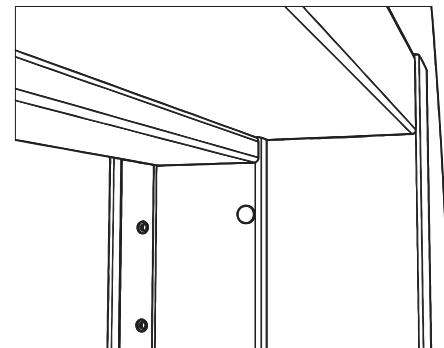

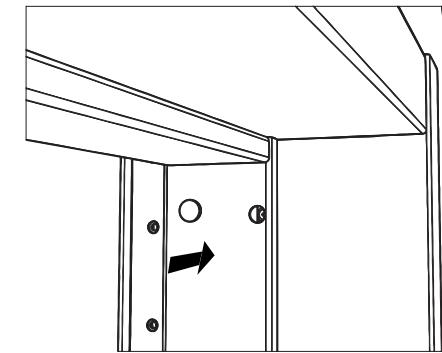

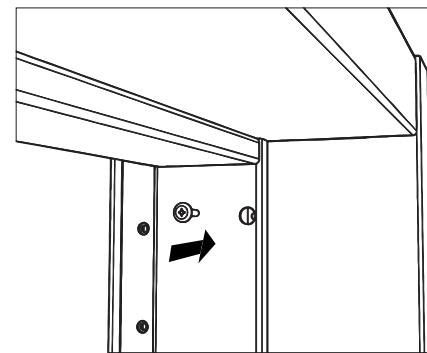

Tam kasa parçasını duvara montelenmiş kasa-nın içine geçirin.

Tam Kasa Montajı

Şekilde gösterilmiş yerbere, 4 sağa, 4 sola ve 3
üste olmak üzere 11 tane vida gelecektir.

Vidaları şekildeki gibi deliklere vidalayın, ardından delikleri tapalarla kapatın.
